Re: Request to add an item to the Irvine City Council May 25, 2021 meeting agenda

By way of follow-up to my announcement at our May 11, 2021, City Council Meeting, I'm taking this opportunity to request a second signature to place the District Elections matter on the May 25 City Council meeting agenda for Council and community discussion. The community has expressed an interest in the possibility of transitioning to District Elections.

Thank you for your consideration.
