Re: **Jamboree – Michelson Pedestrian Bridge Status Update**

Please place a status update on the Jamboree-Michelson Pedestrian Bridge (CIP 321601) on the August 9, 2022 City Council meeting agenda.

The Irvine Business Complex (IBC) comprises a range of industrial, office, commercial and residential uses covering approximately 2,800 acres. The IBC village has transformed into an area providing the opportunity to live, work and shop locally. The transformation has created a need to support additional walking, bicycling, and recreation.

A pedestrian bridge on Jamboree Road at Michelson was first proposed in the 2010 "urban village" Irvine Business Complex Vision Plan. The Jamboree/Michelson pedestrian bridge will provide a direct crossing for pedestrians over Jamboree Road and bypass vehicular traffic.
